KHADIZA JARIN ROZA

REACT DEVELOPER

PROFESSIONAL SUMMARY

I have a strong foundation in HTML, CSS, and JavaScript. I'm a future junior web developer. I'm delighted to contribute my love of problem-solving to a dynamic team. I'm passionate about making engaging and simple-to-use websites. I'm thrilled about the opportunity to learn and grow while creating exceptional, cutting-edge solutions since I have a keen attention to detail and a commitment to staying up to date with developing technology.
